

Lee – Intro to Numbers and general overview including the modern expression, “take a head count.”

Mike & Keisha – Create two charts (1) how the tribes are assembled around the tabernacle and (2) what that looks like when the mothers are included.

P.PIL – Prepare a timeline (in a chart) of the events from the Passover and exodus out of Egypt to when the journey in the wilderness begins (Numbers 10).

Start with Exodus 12:3, 6, 18 (13:4), 16:1, 19:1, 40:17

Numbers 1:1, 10:11

Greg & Carol – In Numbers 1:1-3, there is to be an enumeration and the reason given is to be able to go to war. While this is a reality in history, is this also a type and if so, to what? In addition, in the building of the tabernacle, all materials were provided by the people. Not a single item was supernaturally provided. Since this is the presence of the Most High being build, is there also a type here we should take away?

J.LA – Numbers 1:1 states that Yahweh spoke with Moses in the tabernacle. Here he has direct access to the Father as regards communication. However, note Exodus 40:35 where Moses couldn’t enter because of the revealed glory of the Father. Using Hebrew 3:1-6, contrast Moses and Yeshua as the greater Moses.
